

Hello! I am Fidan from Azerbaijan who did her exchange semester in Split, Croatia a.k.a Absolut Paradise during Spring 2020. Uff, it is SO hard to describe all the memories and emotions just in a short story:(also to choose the pictures ofc). Even though I did my exchange during covid-19 pandemic, I had a lot of fun and been to many places of BEAUTIFUL Croatia. The country is truly amazing: astonishing nature, wonderful beaches, chill and friendly Croatians:). I would never imagine becoming very close with people that I met in a such short period of time. I got a lot of friends from different countries, even some of those will stay in my life forever!

In a nutshell, I can proudly say 6 months of my exchange semester were the best period of my life till now! ❤️
